Optimize, Automate, Succeed

**“Where Excellence  
Meets Innovation”**

## Introduction

**iATL Intellisoft** is a leading provider of integrated software solutions, specializing in ERP system development using Odoo and offering digital transformation services to support businesses across various industries.

As Sudan's leading ERP solutions provider, we deliver top-tier expertise in Odoo implementation and business system development. With a strong commitment to digital transformation, we empower businesses with innovative solutions that enhance efficiency and drive economic growth, ensuring exceptional customer satisfaction.

**Our Motto: Optimize, Automate, Succeed !**

## Our Vision:

With a vision to lead digital transformation across Africa and the Middle East, we strive to shape the future of business technology by providing the most affordable, accessible, and efficient solutions to drive economic growth—reflecting the noble human mission of development and prosperity.

## Our mission :

Building on our strong foundation, we are committed to revolutionizing business technology by delivering smart, scalable, and cost-efficient solutions. We simplify technology adoption, unlocking potential and accelerating progress, ensuring enterprises across Africa and the Middle East thrive in an ever-evolving digital world.

## Our principles

Keep the solution as  
**STANDARD**

Deliver as  
**FAST**

Keep the implementation  
**AFFORDABLE**

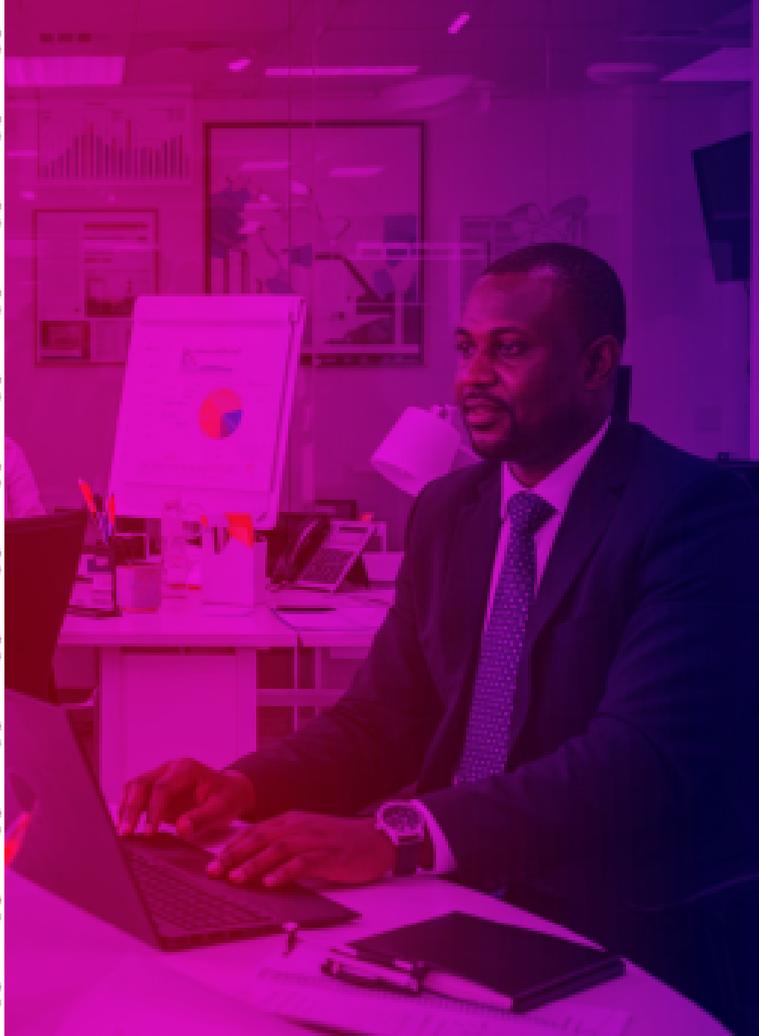

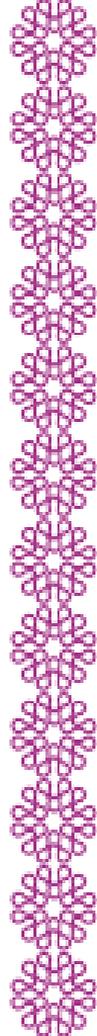

## About Us

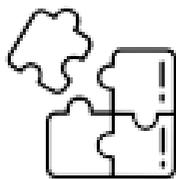

IATL IntelliSoft is an Odoo Gold Partner with 9 years of extensive experience, successfully implementing 150+ Odoo solutions across the region.

With a highly skilled and well-trained team, a diverse range of expertise, and a clear growth strategy, IATL IntelliSoft is the preferred partner for businesses seeking a comprehensive ERP platform.

Beyond business success, IATL IntelliSoft is committed to supporting society and the environment by empowering startups and entrepreneurs. In collaboration with key partners, we help new businesses optimize their workflows with Odoo, ensuring they are on the right path to sustainable growth.
